

REMARKS

Applicants have amended Claims 1 and 12. No new matter was added by these amendments. Claims 1-12 remain in the application. Applicants request reconsideration of this application in view of the above amendments and these remarks.

Allowable Subject Matter

The Examiner has stated that Claims 1-12 would be allowable if rewritten or amended to overcome the rejections under 35 U.S.C. 112, 2nd paragraph, set forth in the Office Action. Applicants have accordingly amended Claims 1 and 12 using the Examiner's suggested amendments. Therefore, Applicants believe that Claims 1-12 are now in a condition for allowance.

Claim Rejections – 35 USC § 112

The Examiner has rejected Claims 1-12 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicants regard as the invention. The Examiner has suggested amending the language recited in Claims 1 and 12 of “. . . via a common isolator inductor as the first variable capacitance” to read “. . . via an isolator inductor common to the first variable capacitance” in order to overcome the §112 rejections. Applicants have so amended Claims 1 and 12 and, therefore, request that the Examiner remove the rejections to Claims 1-12 based on 35 U.S.C. §112.

The Applicants believe that the subject application, as amended, is in condition for allowance. Such action is earnestly solicited by the Applicants.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicant's attorney at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.
